

SHANU

prajapatishanu111@gmail.com | +918630680768 | GitHub | LinkedIn | LeetCode

Summary

- Final year B.Tech CSE student with strong foundations in Data Structures & Algorithms, MERN Stack Development, and Generative AI fundamentals. Passionate about building scalable web applications and solving real-world problems through technology.

Projects

Syncora | Live | GitHub

- Built an AI productivity platform using **Gemini AI** to automatically break down complex project goals into structured Kanban tasks, successfully **reducing manual planning effort by 70%**.
- Created a responsive **React** frontend with **Vite** that fixes real-world workflow bottlenecks by giving developers a seamless task ingestion experience and clean execution.
- Developed stable **Node.js** and **Express** RESTful APIs with **MongoDB** to efficiently manage real-time developer profiles, task states, and complete historical data tracking.
- Secured the platform using **Helmet** and **API rate-limiting** pipelines to stop DDoS attacks, effectively ensuring high availability and completely safe data flow.
- Technologies Used:** *React.js, Node.js, Express.js, MongoDB, Gemini AI, Vite, RESTful APIs*

EventSphere: Event Discovery & Booking Platform | Github

- Developed a full-stack event discovery platform with **secure JWT authentication**, role-based access control, and an end-to-end booking workflow for multiple user groups.
- Built high-performance **Node.js, Express, and MongoDB** APIs to optimize backend data models for fast retrieval of complex event details and user history tracking.
- Designed an interactive dark-themed UI using **React, Tailwind CSS, GSAP, and Zustand** to significantly improve user navigation experience with smooth visual animations.
- Technologies Used:** *React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Zustand, GSAP, JWT Authentication, REST APIs.*

Technical Skills

Languages: Java, JavaScript, TypeScript, C, Python
Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, React Router, Ejs
Backend: Node.js, Express.js, REST APIs, JWT Authentication, Passport.js, WebSocket
Databases: MongoDB, PostgreSQL, MySQL
Tools: Git, GitHub, Postman, Vercel, Render

Education

- B.Tech CSE**, IMS Engineering College, Ghaziabad Sep 2023 – Present
CGPA: 8.4/10
- Class XII**, K.M.S.V.M. Inter College, Garhmukteshwar, Hapur Mar 2021 – Mar 2022
Percentage: 82.88%

Achievements

- Solved **900+** DSA problems across multiple Platforms.
- Max **1750 Rated** on LeetCode.
- Secured **2x** Hackathon Winner with practical experience building and presenting web-based projects.
- Secured **AIR 3842** among **4.7+ lakh** participants in the Naukri Campus AINCAT 2026 Aptitude Test.
